Job Description

General Carpenter

We’re actively seeking a trained carpenter for our busy residential and commercial construction company.

- The most important quality we look for in a prospective employee is *personality*.
  - We have an excellent team in place…we need to add to it.
  - Our employees:
    - Demonstrate an excellent work ethic.
    - Are courteous, professional, trustworthy, dependable, and on-time.
    - Know how to work alone or as part of a crew
    - Flexible

- Scope of Work Assignment
  - Primarily general residential carpentry
  - However, there are times when each of us pitch in to complete manual labor as needed
  - Preference would be given to a qualified individual who also has verifiable plumbing or electrical experience.

- Opportunity
  - We are looking for 1, 2, or 3 individuals to add to our team.
  - Wage will be fair and depend upon individual experience, training, and skill set
  - This position is for SUMMER, 2014---the right person(s) will be retained as a permanent hire
