INSTRUCTOR BIOGRAPHY

Linda Heverly-Ferenchick

Linda Heverly-Ferenchick has been teaching at The Central Pennsylvania Institute of Science and Technology (CPI) for more than a decade. She enrolled at the Empire Beauty School where she received her Cosmetology and Teacher's License from the Commonwealth of Pennsylvania in 1982. After graduation, she began her career in Cosmetology teaching students at Empire. Shortly thereafter, she received the Teacher of the Year award from the school. She was then approached by the management at Regis Hair Salon to manage a State College salon and train upcoming stylists in the field. It was then that she realized her passion was teaching. She was offered the teaching position at CPI in 1998 and accepted the position.

Under Mrs. Ferenchick's tutelage, hundreds of students have graduated and have gone on to be successful in the field as stylists, managers, regional and district managers, and salon owners. She keeps in contact with many of her past students to offer advice when asked or to assist them in problem-solving. Mrs. Ferenchick's passion is teaching young adults.

A Quote from Mrs. Ferenchick

"I believe students need encouraged to make sound life choices, think long-term; today's crisis is a lesson that should be remembered for future."

FUN FACTS ABOUT MRS. FERENCHICK
